

**AISES**  
AMERICAN INDIAN SCIENCE AND ENGINEERING SOCIETY  
**SAFE CAMP POLICY**

The American Indian Science & Engineering Society (AISES) was established with the goal of developing Native professionals and leaders in the areas of science, technology, engineering and mathematics.

AISES and AISES events are a “Safe Camp,” meaning we are a welcoming, inclusive, supportive and safe environment for all our AISES family members regardless of race, color, sex, religion, sexual orientation, or gender expression/identity. Safe Camp includes recognizing the AISES Code of Conduct and anyone found violating the code will be asked to leave the conference immediately. Please contact any AISES staff member or board member if you have any questions.

We, the chapter members, have read, understood and accepted the duties and responsibilities set forth in the SAFE CAMP POLICY OF THE AMERICAN INDIAN SCIENCE AND ENGINEERING SOCIETY.
